HAVE CONFESSED

ACCUSED MEN ENTER PLEA OF GUILTY AND SAVED THEMSELVES FROM DEATH.

LABOR LEADERS SHOCKED

Confession Clears Up Tragedy of the Explosion Which Wrecked Los Angeles Times Building.

Los Angeles, Cal.—James B. McNamea pleaded guilty to murder in the first degree in Judge Walter Bordwell's court. His brother John J. McNamea, secretary of the International Union Workers, entered a plea of guilty to having dynamited the Llewellyn from World in Los Angeles on Christmas day, 1910.

James B. McNamea's confession clears up absolutely the tragedy of the explosion and fire which on Oct. 1, 1910, wrecked the plant of the Los Angeles Times at First and Broadway and caused the death of twenty persons. For nineteen months the McNamea brothers have been indicted and J. B. McNamea was on trial specifically for the murder of Charles J. Hargarty, a machinist, a machinist, whose body was found near that of any other to the where the dynamite was supposed to have been placed.

It is expected District Attorney John R. Fredericks will ask for life imprisonment for James B. McNamea, who confessed murder, and probably fourteen years for his brother. The men's lives are considered saved.

The great contention that the Los Angeles Times was dynamited in dead by reinsurance.

As the two brothers sat together in the county jail, refusing to see any one, make any statement, an interest seemed to continue to reference to James B. McNamea. "Why did he confess?"

"This confounding counsel gave the same answer."

"He confessed because he was guilty and that's all there is to it," declared District Attorney Fredericks.

"He was convinced that he was guilty and that was the best thing he could do, in the opinion of counsel," said Attorney Clarence S. Darrow, chief of counsel.

"I will say now that there was no other case for months. It presented a stone wall."

"I am astounded, I am astounded. My attention has been imposed upon. It is a bolt out of a clear sky."

The exclamation were those of Samuel J. Hargarty, president of the American Federation of Labor, who advised the plea of guilty in the McNamea case.

"We have discouraged acts like these. We have patrician and peace-loving men and we only have a wish to call out the best elements in human nature. These two men must have been crazy. It is an act that I condemn with all the force that is in me."

AMERICAN TROOPS

READY FOR CHINA

UNITED STATES KEEPING FORCE READY TO MOVE TO CHINA ON ORDER OF MINISTER.

MAY BOYCOTT AMERICA

Revolutionists Will Not Buy Goods of Any Nation That Loans Chinese Government Money.

Washington.—The United States is keeping ready at Manila an expeditionary force of from 500 to 2,500 soldiers for immediate dispatch to China to protect foreigners and to keep open the railway communication between Peking and the sea. This, it was declared by the state department, is not to be considered an intervention force in favor of either the rebels or the imperialists, but is merely that country's part in complying, together with the other powers, signatory to the Hoxer protocol, with the provisions of that document.

The order for starting the troops awaits only the word from American Minister Calhoun at Peking. Mr. Calhoun was instructed by the department to convey to his diplomatic colleagues now in the Chinese capital the information that the United States has this force ready and the notification that the council of foreign representatives at Peking thinks they are needed.

to the front is the retention or
the repeal of the present state prob-
hibition law. One candidate stands
for the law, another stands against
it, and the third professes to be im-
partial.

The feeling appears to exist in
some quarters that the result of
tomorrow's contest will be a final
settlement of the struggle. That
is a mistake. The fight is one that
will last as long as people love the
bottle. No matter who wins to-
morrow, it is only an incentive for
the losers to fight the harder. To
win will only be a point in favor of
the victors, but it will not end the
fight.

Ex-Governor Brown bases his
campaign upon a demand for a di-
rect vote on the law; he complacently
contends that when the peo-
ple have had a vote on it, they will
be satisfied, and that its enforce-
ment will be easy and agitation
will cease. Vain theory! In
Maine, in Kansas, in Colorado the
people have voted on it but the
losers are not satisfied. A loser
never is satisfied. Though Georgia
voted wet by an overwhelming ma-
jority, the fight against the sale of
liquor would not let up; if the state
went dry, the liquor crowd would
not lay down arms. They do not
in other states—they would not in
Georgia.

Tomorrow's election will not end
the contest; but it will have a large
influence for or against prohibition,
according to who wins.

A Chicago policeman gets his
picture in the paper because he con-
trived a burglary with a springing re-
cord. Not having any definite par-
ticulars on the subject we take it
for granted that the cop must have
been in front.

SEVENTH DISTRICT BOYS BREAK ALL CORN RECORDS

AVERAGE YIELD OF OVER 140 BUSHELS
PER ACRE

Atlanta, Dec. 2.—The great
work accomplished by the Boys'
Corn Club of the Seventh district
is partially shown in a table com-
piled by Congressman Gordon Lee.
This table shows 11 of the prize
winners, all of whom made over
100 bushels of corn to the acre.

The 11 boys combined produced
1,543 bushels of corn, an average
of 140 3-11 bushels to the acre.
They made this corn at a profit of
\$1,272.50, an average of \$114.58
profit to the acre.

Of these, Ben Leath, of Walker
county, came first with the won-
derful production of 214 bushels,
made at a net profit of \$182. He
was the only one who overtopped
200 bushels.

Dallas White, the Whitfield
county boy, came 11th in the list
with a production of 111 bushels at
a profit of \$93.

The interesting table shows the
following winners, together with
the county in which each lives and
the yield and profit of each:

Name and County	Yield	Profit
Ben Leath, Walker	214	\$182.00
M. T. Allison, Walker	173	135.00
Paul Bentley, Gordon	156	131.00
Ellis Eaves, Polk	140	106.50
C. Summerlin, Harrison	137	109.00
Paul Nichols, Polk	136	106.00
Hugh Knight, Gordon	117	100.00

She Could Shout.

Says Mrs. John W. Pitchford
of Aspen, N. C.

I will always use Hunt's Cure for it-
ching trouble, and tell all I see about it.
I could shout now to know that we are all
well of that dreadful trouble. The first
of last fall my little boy broke out with
some kind of itching trouble. Thinking
his blood was bad I gave him a blood
tonic, but he got worse and could not
sleep at night. Some said he had itch,
and told me what was good for it. I used
what people said would cure it, but
nothing did any good. My other two
children and myself took the disease.
Care advertised and I purchased a box.
It helped me, my little boy and my
other two children. I saw Hunt's Cure
in its worst form, and used Hunt's Cure,
and we are now all well.

Thanks to A. B. Richards Medicine Co.,
of Sherman, Texas, manufacturers of
such healing medicine.

Mother—the dearest name beneath the
sun—
Emblem of love divine and patience
sweet;
Embodiment of all that's pure and good.
Who with a sweeter love? Who more
discreet?
Who with a tenderer smile or warmer
heart?
She with a kiss can heal an ache or
pain,
Who in our troubles bears the lion's part
And sees the turning in life's longest
lane.
Oh, with what pity should we view the
ones
Whose lives, devoid of mother's influence,
Have drifted from the road, which
leads above,
To death's vast deep, thro' negligence.
Ah, who more blessed than the boy or
man,
Woman or girl, whose life's most trivial
act
Is watched, helped, tended by a
mother's love,
And rendered better for the love's con-
tact.
Oh, how the dear name mother draws
me back
To home, sweet home (what earthly
place more dear?)
Where, with the tend'rest of all human
hands,
Mother (God bless her) dried each child-
ish tear—
Back to the days when childish woe
and grief
Seemed with its weight to crush beneath
its load
The fragile frame; then with what love
divine
Mother, on tear-stained cheek, a kiss be-
stowed,
Or when some childish prank a mis-
chief wrought
Mother, with wondrous clearness, would
contrive,
Though chiding for the wrong, to
teach the child,
With up-sent prayer, for God and right
to strive.
—By T. H. BROWNING.

**Beware of Ointments for
Catarrh That Contain Mercury**
as mercury will surely destroy the sense
of smell and completely derange the
nervous system. Such articles should
never be used except on prescriptions
from reputable physicians. Such as the damage
they will do is too full to the good you
may possibly derive from them. Hall
Cheney & Co., Toledo, O., contains no
mercury, and is taken internally, acting
directly upon the blood and mucous sur-
faces of the system. In buying Hall's
Catarrh Cure be sure you get the genu-
ine. It is taken internally and made in

DON'T SAY YOU'RE OLD

You Only Feel Old

Digestive organs are weak—don't
assimilate food as they used to.
Other organs act more slowly and
less effectively.

Blood is thin and sluggish.
Renewal of strength does not equal
the wear and tear of your system.
That's what makes you feel old.

Nothing in the world will tone up
and invigorate those weak, back-sid-
ing organs, make rich blood and cre-
ate strength so quickly as Vinol.

Vinol is not a secret nostrum, sim-
ply the medicinal elements of the
cod's livers, with the useless nausea-
ting oil eliminated, and tonic iron ad-
ded. Try a bottle of Vinol with the
understanding that your money will
be returned if it does not make you
stronger, feel younger and give you
an added interest in life.
